

E-Mail

In order to improve communications, we would like to use e-mail for some of our communications to you. We will Endeavour NOT to send any PERSONAL MEDICAL information, using e-mail.

We could send you some of the following notices:

- Appointment reminders
- Notifications of specialist appointments (Including the specialty)
- Notifications of investigations ordered
- Requests to have investigations done
- Account notifications
- Requests for information we may require
- Instructions on how to prepare for some investigations
- General notifications

In turn you can use the e-mail for the following issues:

- Clarification regarding appointments
- Notification to cancel appointments
- Requests for appointments – (request to be made at least 2 full business days ahead AND provide us with the date and four hour timeframe in which you wish to be booked)

It is important to know that for safety and privacy reasons, **no questions or information regarding medical issues will be dealt with. These will promptly be deleted and discarded.** Any need for any action regarding medical issues will require an appointment.
